

Celebrating Women

in Facilities Management

“The construction industry is welcoming more women in, which is fantastic to see. Early in my career, I was on a building site with around 200 workers, I was the only female, which was daunting, but people were encouraging and listened to my views. Construction is for everyone; we all have a role to play and value to add.”

Sally-Ann Lyon

Senior Contracts Manager

"I have worked at GRAHAM for over 9 years. Starting out as a Helpdesk Coordinator, I was offered training, development and encouragement to progress in my career. GRAHAM encourage women to succeed and flourish. Each day brings a new challenge, I'm lucky to be surrounded by a supportive team who want me to succeed."

Lynne Burton-Giffin

Regional Accounts Manager

"I feel honoured to represent Women in Construction on IWD. I enjoy bringing a whole range of support to the team being a Wellbeing Champion, Mental Health First Aider and FIR Ambassador despite my own challenges with mental health. I am part of a great team that support me as much as I support them."

Tammy Stretton-Yeomans

Regional Service Delivery Manager

"I came to GRAHAM under TUPE. They showed a belief in my abilities and gently nurtured me over the years until I could see what they saw in me. They allowed me to grow my skillset and confidence, until I was ready to fulfil a role which I didn't think was attainable to me."

Josie Batson-Williams

Project Manager

"I have found working in FM to be both challenging and rewarding. Working at GRAHAM has been a very positive experience and I believe the 'Women at GRAHAM' network, provision of sanitary products, female health champions and menopause policy are all great tools which help women thrive."

Katie Shaw

HR Administrator
