

HINCHINGBROOKE REDEVELOPMENT

MEET OUR PROJECT TEAM

Our clinicians play a vital part in our redevelopment programme – to ensure we are putting our patients first as we create new facilities. Our patient-facing staff are best placed to tell us what works well (and what doesn't) and as a result we have ensured our redevelopment programme is steered by leaders and colleagues from each of our three clinical divisions – Emergency and Medicine, Surgery and Family and Integrated Support Services, as well as senior staff members from Estates, Finance and IT.

Meet the team:

- Arshiya Khan, Deputy Chief Executive and Chief Strategy and Transformation Officer
- Luke De Lord, Programme Director

Clinical Leads:

- Laura Stent, Assistant Chief Nurse
- Dr Pallav Bhatnagar, Emergency Department Consultant
- Mr Amitabh Dwyer, Orthopaedic Consultant

Speciality Leads:

- Jason Knaepel, Theatres Manager
- Mr Filippo Di Franco, Divisional Director, Surgery
