

Clyde Waterfront and Renfrew Riverside

The GRAHAM team recently welcomed pupils from Trinity High School to our Meadowside Street site in Renfrew.

GRAHAM work closely with local schools, utilising the skills, experience and knowledge of our staff to provide guidance to the workforce of tomorrow.

Pupils enjoyed a careers in construction presentation and an overview of the Clyde Waterfront and Renfrew Riverside Project (CWRR).

Following the presentation pupils were invited on a tour of the CWRR site to gain a better understanding of how a live site operates. Gary Redpath, Community Benefit Adviser was on hand to provide an overview of the project and construction plans for this iconic project.

Pupils who have shown an interest in taking the next steps towards a career in construction will be invited to participate in a work placement taking the next step towards a career in construction.
