

Clyde Waterfront and Renfrew Riverside

Working with Invest in Renfrewshire to promote careers in construction

We recently welcomed staff and clients of Invest in Renfrewshire's training academy to our newly established site based on Meadowside Street, Renfrew.

We are committed to working with local employability partners such as Invest in Renfrewshire to ensure residents who have an interest in pursuing a career within the construction sector have access to all site born opportunities.

Invest in Renfrewshire provide training, employability and job search support for residents of Renfrew and have become an important delivery partner for GRAHAM on the CWRR project.

The visitors enjoyed an overview of the project and a careers in construction presentation before heading out to site to gain a better understanding of how a live site operates.

Working with Invest in Renfrewshire, we will progress all who attended the site visit towards gaining their CSCS Cards and secure work placements on the CWRR project in preparation of starting their careers in construction.
